48 of 48 review helpful Well Made Gym Lock By Ann I love my combination lock now I can remember my combo It is very sturdy and durable It was very easy to set my combination instructions were clear and easy High quality and well made my only compliant is that they don t have color options It would also be helpful to have bigger numbers lol I m getting old but I would definitely purchase this again or as a gi This book is designed for use as a dissection guide

in comparative vertebrate anatomy or in mammalian anatomy The material covered and the time allotted to such courses varies considerably and the illustrations are therefore designed to enable the instructor to point out the important features of areas which cannot be dissected in detail by every student The text describes the norm and for the sake of brevity the numerous variations which may be encountered in the laboratory are not described I have used a combination of diagrammatic marginal illustrations which are labeled directly and larger realistic i
