0 of 0 review helpful Five Stars By Diane F Pechacek IT IS A TEXT BOOK FOR A COLLEGE COURSE 0 of 0 review helpful Five Stars By Customer Everything was there like she said Perfect Thank you 1 of 1 review helpful

Cheaper than my school s bookstore By Abates This is the same book I would get at my school s books Books a la Carte are unbound three hole punch versions of the textbook This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book Visual Essentials of Anatomy Physiology combines a visual approach with a modular organization to deliver an easy to use and time efficient book that uniquely meets the needs of today s students without sacrificing the coverage of A P topics required for careers in nurs About the Author Dr Frederic Ric Martini received his Ph D from Cornell University in comparative and functional anatomy His publications include journal articles technical reports magazine articles and a book for naturalists about the biology and geolog
