0 of 0 review helpful great for detailed description not for simple body info By MaysEffect as expected very
descriptive even though there are several diagrams that will catch your eye don't get sidetracked and start trying to
evaluate the pictures and short description without reading what you're looking at I did that for the second chapter and

had to return to certain key descriptions overall it is good for exploring h This completely new addition to the Gray s Anatomy family is specifically tailored to meet the needs of today s anatomy students A team of authors with a wealth of diverse teaching and clinical experience have carefully crafted the book to efficiently cover the information taught in contemporary anatomy courses A user friendly format a regional organization and outstanding artwork make mastering anatomy remarkably easy Unique coverage of surface anatomy correlative Gray s Anatomy for students comes with colourful diagrams and readable text The book is separated by region and at the end of each chapter is surface anatomy and a few clinical cases Scattered around the book are boxes entitled In the Clinic which g
