0 of 0 review helpful Good Deal for Fair Price By Quipster I received the book in a very timely manner The condition of the book was as described and there wasn't any markings in the book The book was not offered for a used price at my place of study and was about 20 dollars cheaper than if I bought it new The packing should have included a do not bend or something similar because my mail person crammed it in my mailbox Book by IRWIN STEPHANIE
