0 of 0 review helpful I don t like it at all By Lo iuml c Thomas I do not like this book The information is delivered in a dry manner For a complicated subject like Neuro I was expecting better I switched to Netters Neuroanatomy instead

much better for my learning style Read only the first chapter and I could not go on anymore 5 of 5 review helpful Too much detail By Ryan Designed primarily for medical and dental students preparing for the USMLE Step 1 and other examinations this book presents the essentials of human neuroanatomy in a succinct outline format with abundant illustrations Over 600 USMLE style questions with complete answers and explanations are included some at the end of each chapter and some in an end of book Comprehensive Examination This edition uses color to delineate neuroanatomical pathways and high
