4 of 4 review helpful This book was an excellent educational tool and helped make learning a little bit By thirstybobo

This book was an excellent educational tool and helped make learning a little bit more fun This was a book that was required for the nursing program I completed and I m really glad that it was I m sure there s a newer edition by now but if anything it can only be better than this one I highly reco This guide is an excellent tool for use by itself or with any human anatomy and physiology book The author s unique approach promotes and reinforces learning on many levels through a wide variety of visual and written exercises In its review of the human body from microscopic to macroscopic levels the workbook covers the most important and useful aspects of human anatomy and physiology and offers clinically oriented activities From the Back Cover This guide is an excellent tool for use by itself or with any human anatomy and physiology text The author s unique approach promotes and reinforces learning on many levels through a wide variety of visual and written exerc
