0 of 0 review helpful Have another Netter Better By Hunter I cannot imagine how anyone could not just like it but

rather be amazed by it Frank was is the go to guy in anatomic art and this is part of his classic and justly praised work This is the same review you will see for each of the books from me because the entire set and pretty much all of his publication fall in this category and this is a branch of art The most critically acclaimed of all of Dr Frank H Netter's works this fully illustrated single book from the 8 volume 13 book reference collection includes hundreds of world renowned illustrations by Frank H Netter MD informative text by recognized medical experts anatomy physiology and pathology and diagnostic and surgical procedures
