1 of 1 review helpful Vascular System And Viscera Poster By ROBERT BERNACCHI These Anatomy posters are great I have 5 now for my class and they are very large 20 x26 and show in great detail the workings of that system They are a thick paper type and not laminated so be careful I have had all my posters come damaged in they shipping Why does not put this type item in a shipping tube vs a gigantic box Stupid 0 of 0 The Vascular System and Viscera nbsp is a classic chart with nbsp illustrations by nbsp Peter Bachin nbsp Meticulously painted in 1947 this chart shows a complete view of the organs veins and arteries that nbsp make up the vascular system nbsp All illustrations are labeled 4 small detailed illustrations show the nbsp right anterior left anterior and posterior view of the heart and a

view of the heart in systole also shows a detail
