Neck Anatomy for Dentistry, 1e (Netter Basic Science):

0 of 0 review helpful Five Stars By Marcita This is a great book with nice explanation and drawings 1 of 1 review helpful Great Book By Mohammed This is the best book for dental student I have ever seen All you need as a dentist is here It is very well organized with great illustrations and easy to understand of complicated topics of head and neck anatomy The e A unique head and neck atlas written for dental students and professionals this new resource uses more than 700 full color images from the Frank Netter Collection to richly depict all of the key anatomy that s relevant to clinical practice The Netter head and neck anatomy plates have long been considered the preeminent illustrations of their kind Now many of these original plates have been updated relabeled and modified to set an even higher standard Covers This book has to be recommended for all those wishing to establish the appropriate level of knowledge for the contemporary practice of dentistry and for those wishing to refresh their knowledge No dental library should be without this book let alone a de
