From Springer : African Horse Sickness (Archives of Virology. Supplementa) African Horse Sickness (Archives of Virology. Supplementa):

African horse sickness virus is a double stranded RNA virus which causes a non contagious infectious arthropod borne disease of equines and occasionally dogs Nine distinct internationally recognised serotypes of the virus have so far been identified This book is based upon the findings of two programmes funded by the European Commission It will be of value not only to the specialist research workers but also to veterinary workers dealing with control and to
